DCM Services, LLC Named a “Best Place to Work” in Collections
Deceased Collections Industry Leader Receives Honor from insideARM.com

MINNEAPOLIS (December 9, 2008)—DCM Services, LLC, the industry leader in deceased account recovery, has been named one of the “Best Places to Work in Collections”. Winners of the program created by *insideARM.com* and Best Companies Group were chosen based on an evaluation of each company’s workplace policies, practices, philosophy, systems and demographics, as well as results of an employee survey.

The Best Places to Work in Collections survey and award program was designed to identify, recognize and honor the best places of employment in the collections industry. The Best Places to Work in Collections list is made up of 25 companies that had to fulfill a number of eligibility requirements to be considered for participation. Participating firms were required to be a collection agency, collection law firm or vendor to the collection industry.

“Working with people who have lost a loved one requires a great deal of compassion, energy and training,” said Steven Farsht, president & COO, DCM Services. “We make every effort to create a positive work environment for employees that is energizing and supportive. In our efforts to change the way deceased collections are done, it is critical that our account representatives continue to deal with each survivor in a respectful and dignified way. It’s what makes DCM Services a different – and better – place to work and do business with.”

Out of the more than 5,000 collection agencies in the U.S., DCM Services was the only deceased recovery firm and the only agency in the state of Minnesota to earn the honor of Best Place to Work in Collections. Employees at DCM Services work flexible schedules in a supportive, achievement-oriented environment and enjoy ongoing training and development opportunities. DCM Services offers a strong benefits package, including a 401(k) program with a company match. Employees have access to an onsite workout facility and onsite yoga and pilates classes. They are also eligible for a rewards program and receive twice weekly chair massages, monthly catered lunches and daily catered snacks.

Companies from across the country entered the two-part survey process – consisting of a company evaluation and an employee survey – to determine the Best Places to Work in Collections. The combined scores determined the top companies and the final ranking. Best Companies Group managed the overall registration, survey and analysis process and determined the final rankings.
